Indiana Academy is known to the people of Indiana as the "Gateway to Service." For truly, through its gates many have entered, seeking a Christian education; and through its gates many have passed into service for their Master and for their fellow men.

So, to renew the golden memories of our Spiritual life, our recreational and educational life, our work and our play—the things, that, put together, make Indiana Academy the "Gateway to Service,"—we publish this book of Golden Memories.

Dedication

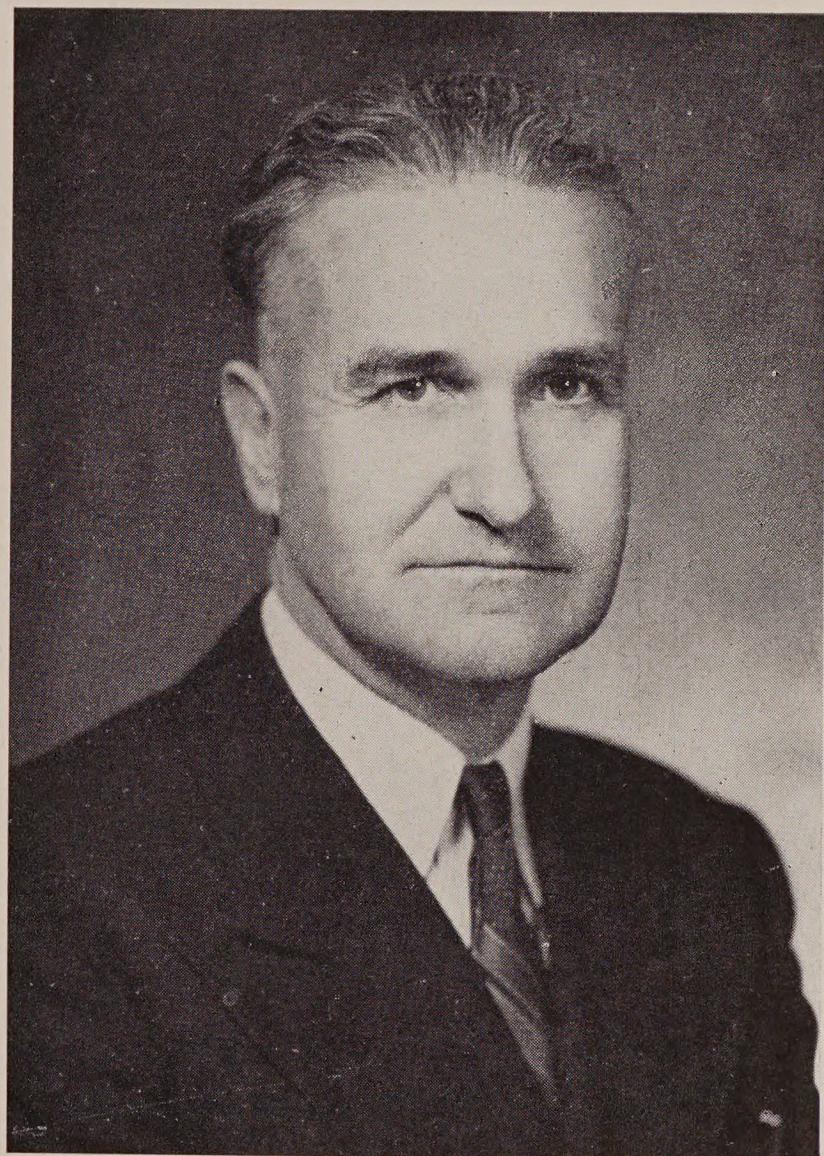

To Him—

Whose willing service and untiring sacrifice has been so well recognized, we humbly give thanks.

Indeed, we have all appreciated the many things he has accomplished in the behalf of each one of these past seven years.

We think of the many times we have entered a Bible class with the confidence that in some way, he would make the lesson of the day clearer in our minds—Also, the innumerable Sabbath services in which he helped to draw us a step closer to Christ and His teachings. Just the deep, sincere interest he has shown, when the hour seemed so dark, has meant so much.

Yes—to him, we wish to dedicate this, Our Book.

ELDER L. L. MURPHY

Dear L. A.

Words by Nora Dunn

Music by Eldon C. Francisco

The musical score consists of four staves of music in common time, key signature of one sharp (F#), and treble clef. The lyrics are integrated into the music, appearing below the staff lines. The first staff begins with a melodic line and ends with a repeat sign. The second staff starts with a bass line. The third staff begins with a melodic line. The fourth staff begins with a bass line. The lyrics are as follows:

I. A.

The CIRCLE

A SENIOR'S TRIBUTE

The class of 1946 has arrived at the culmination of its high school endeavors. We have completed our course; we have mastered those chemistry formulas, those Bible verses, and those history dates. Never again will we have the pleasure of the christian association as students in this school. Our hearts are full of thoughts, thoughts of work and play, joy and sorrow, studies and social events. Thoughts of God and His goodness to us; it was He who provided this very school for you and me. Behind the letters in the words Indiana Academy dwell these thoughts.

All these offer us the opportunity to be staunch men and women, staunch to our God, to our principals and staunch to ourselves.

I is for the intelligent teachers that lead us in our every-day activities.

N is for nobleness of character that our school promotes.

D is for the discipline prescribed by the faculty.

I is for the inspiration received from our studies.

A is for activities planned for our exuberant energy.

N is for the neoterism that seem immensurable to us.

A is for the authentic guidance of our untiring deans.

A is for the attractiveness of the campus and the circle.

C is for the courtesy that makes life pleasant here.

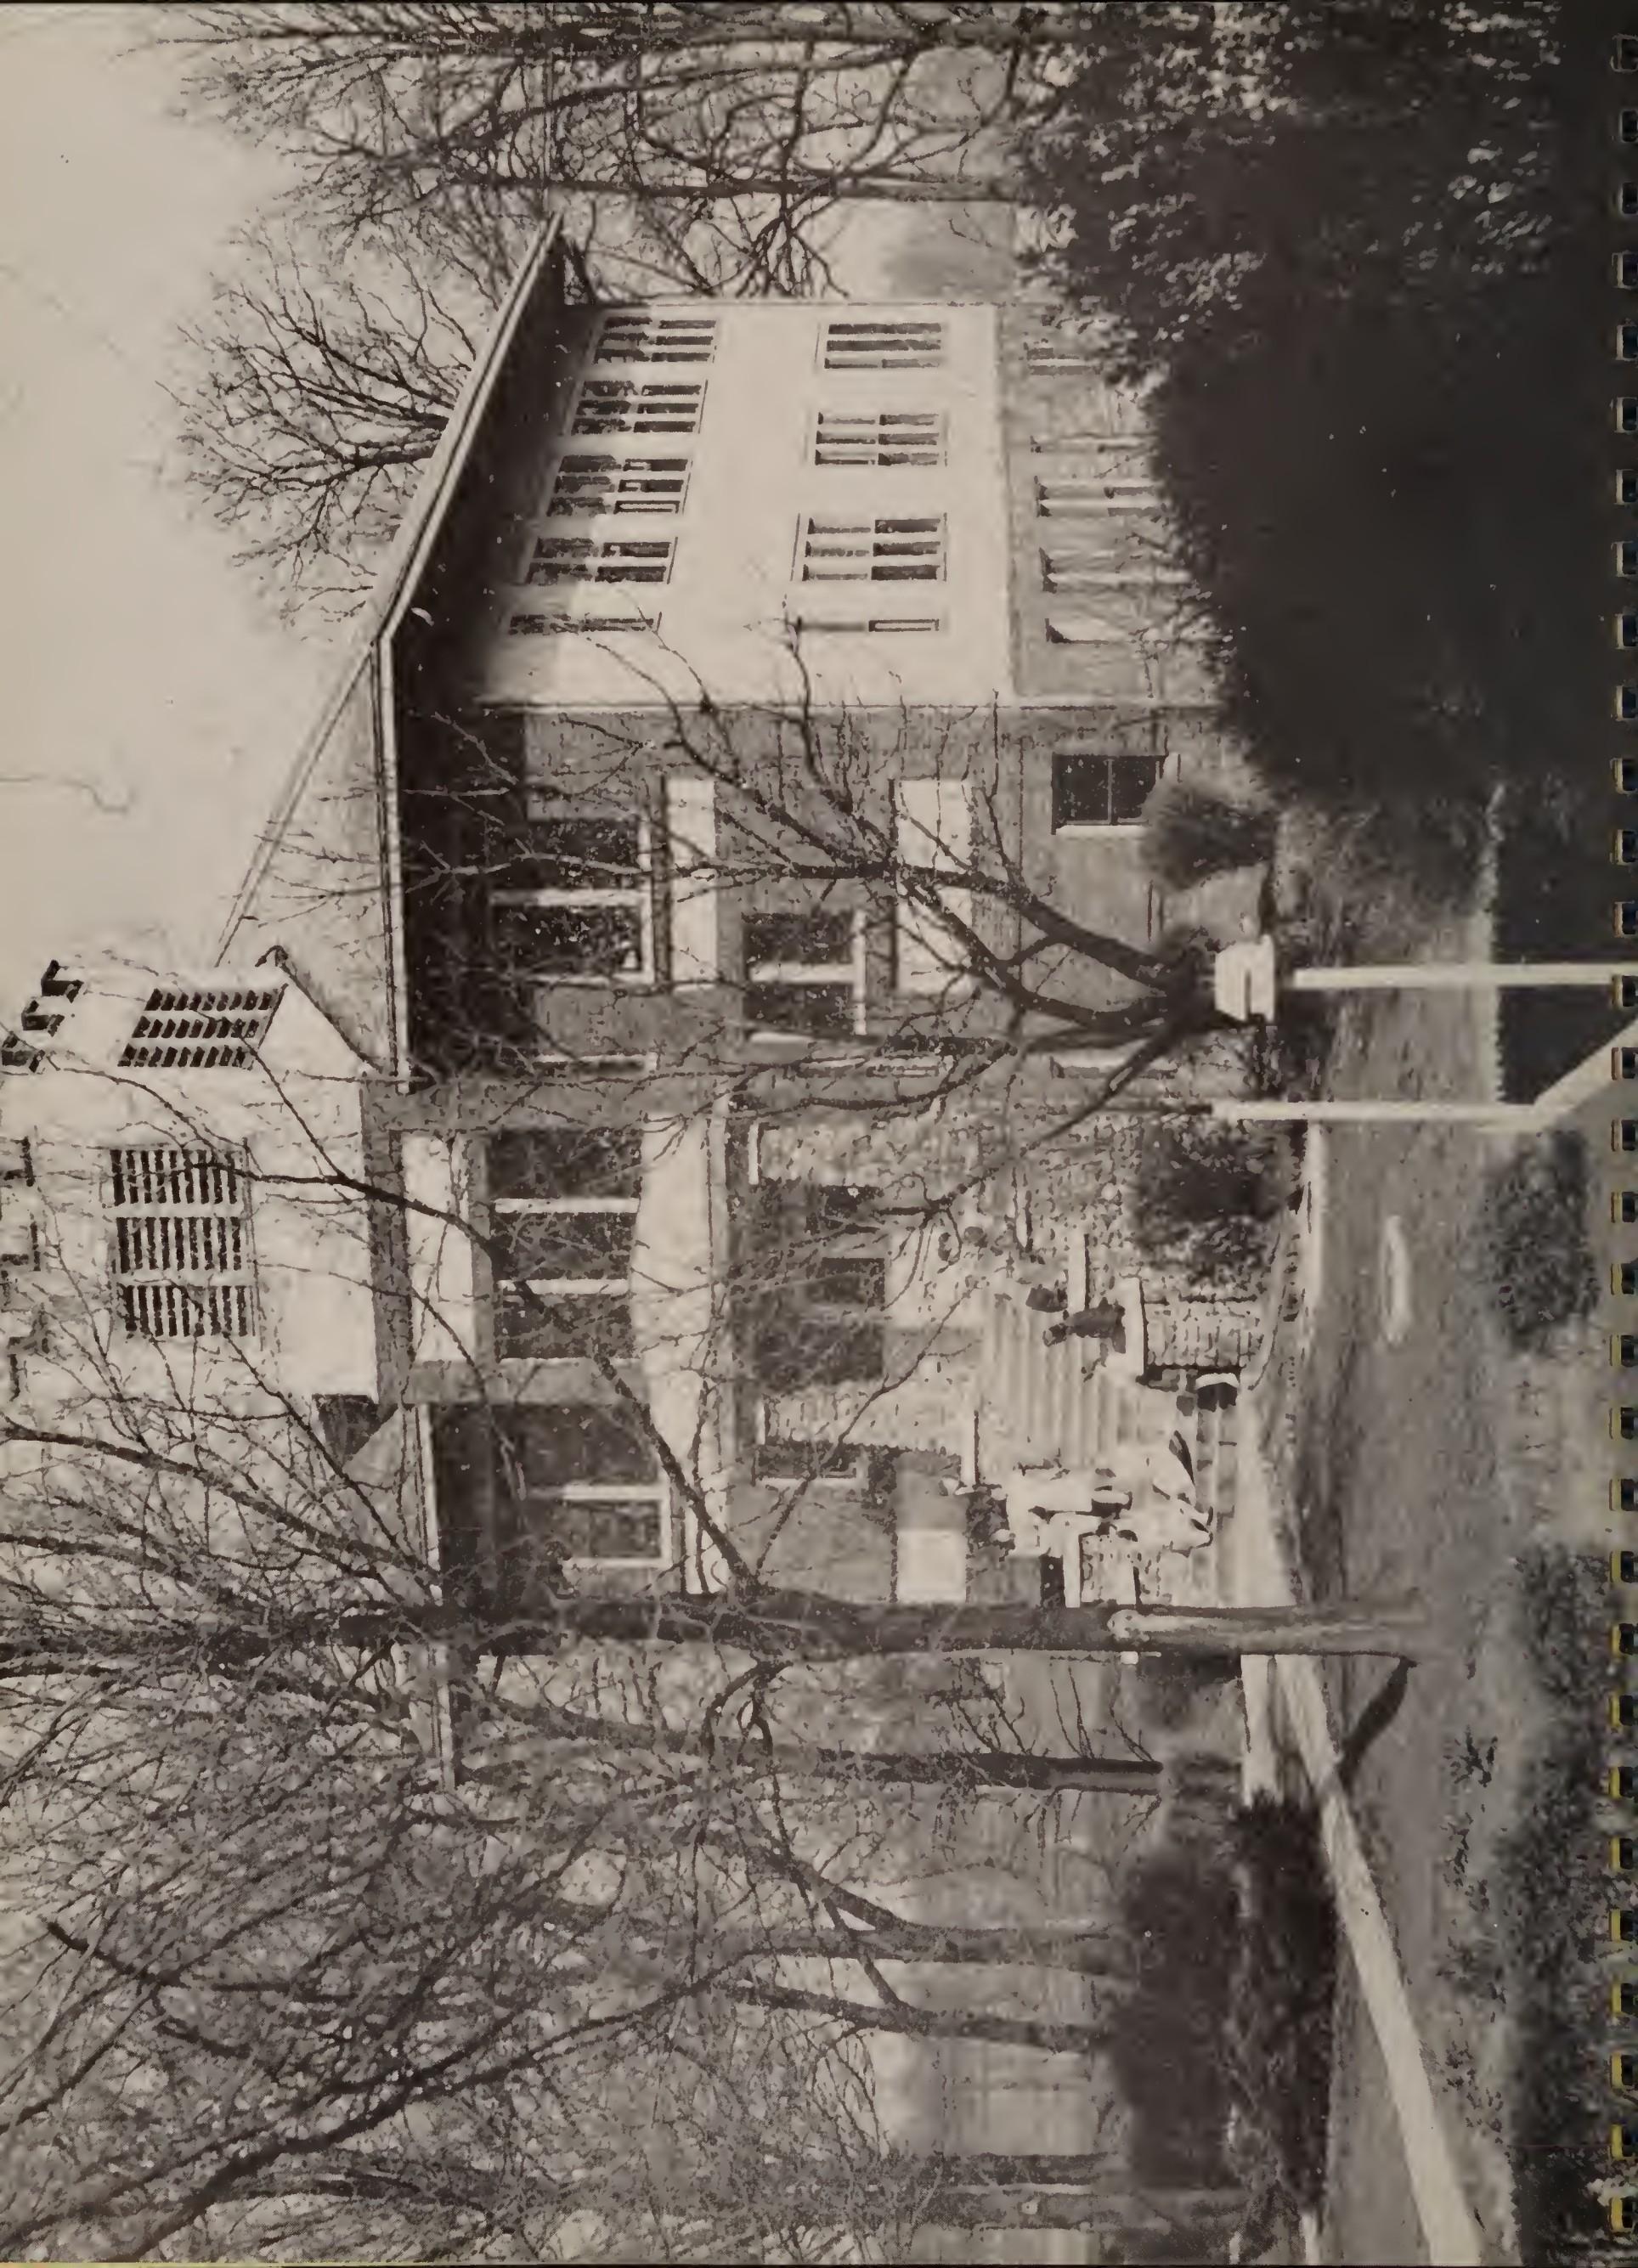

A is for the atmosphere that is always spiritually uplifting.

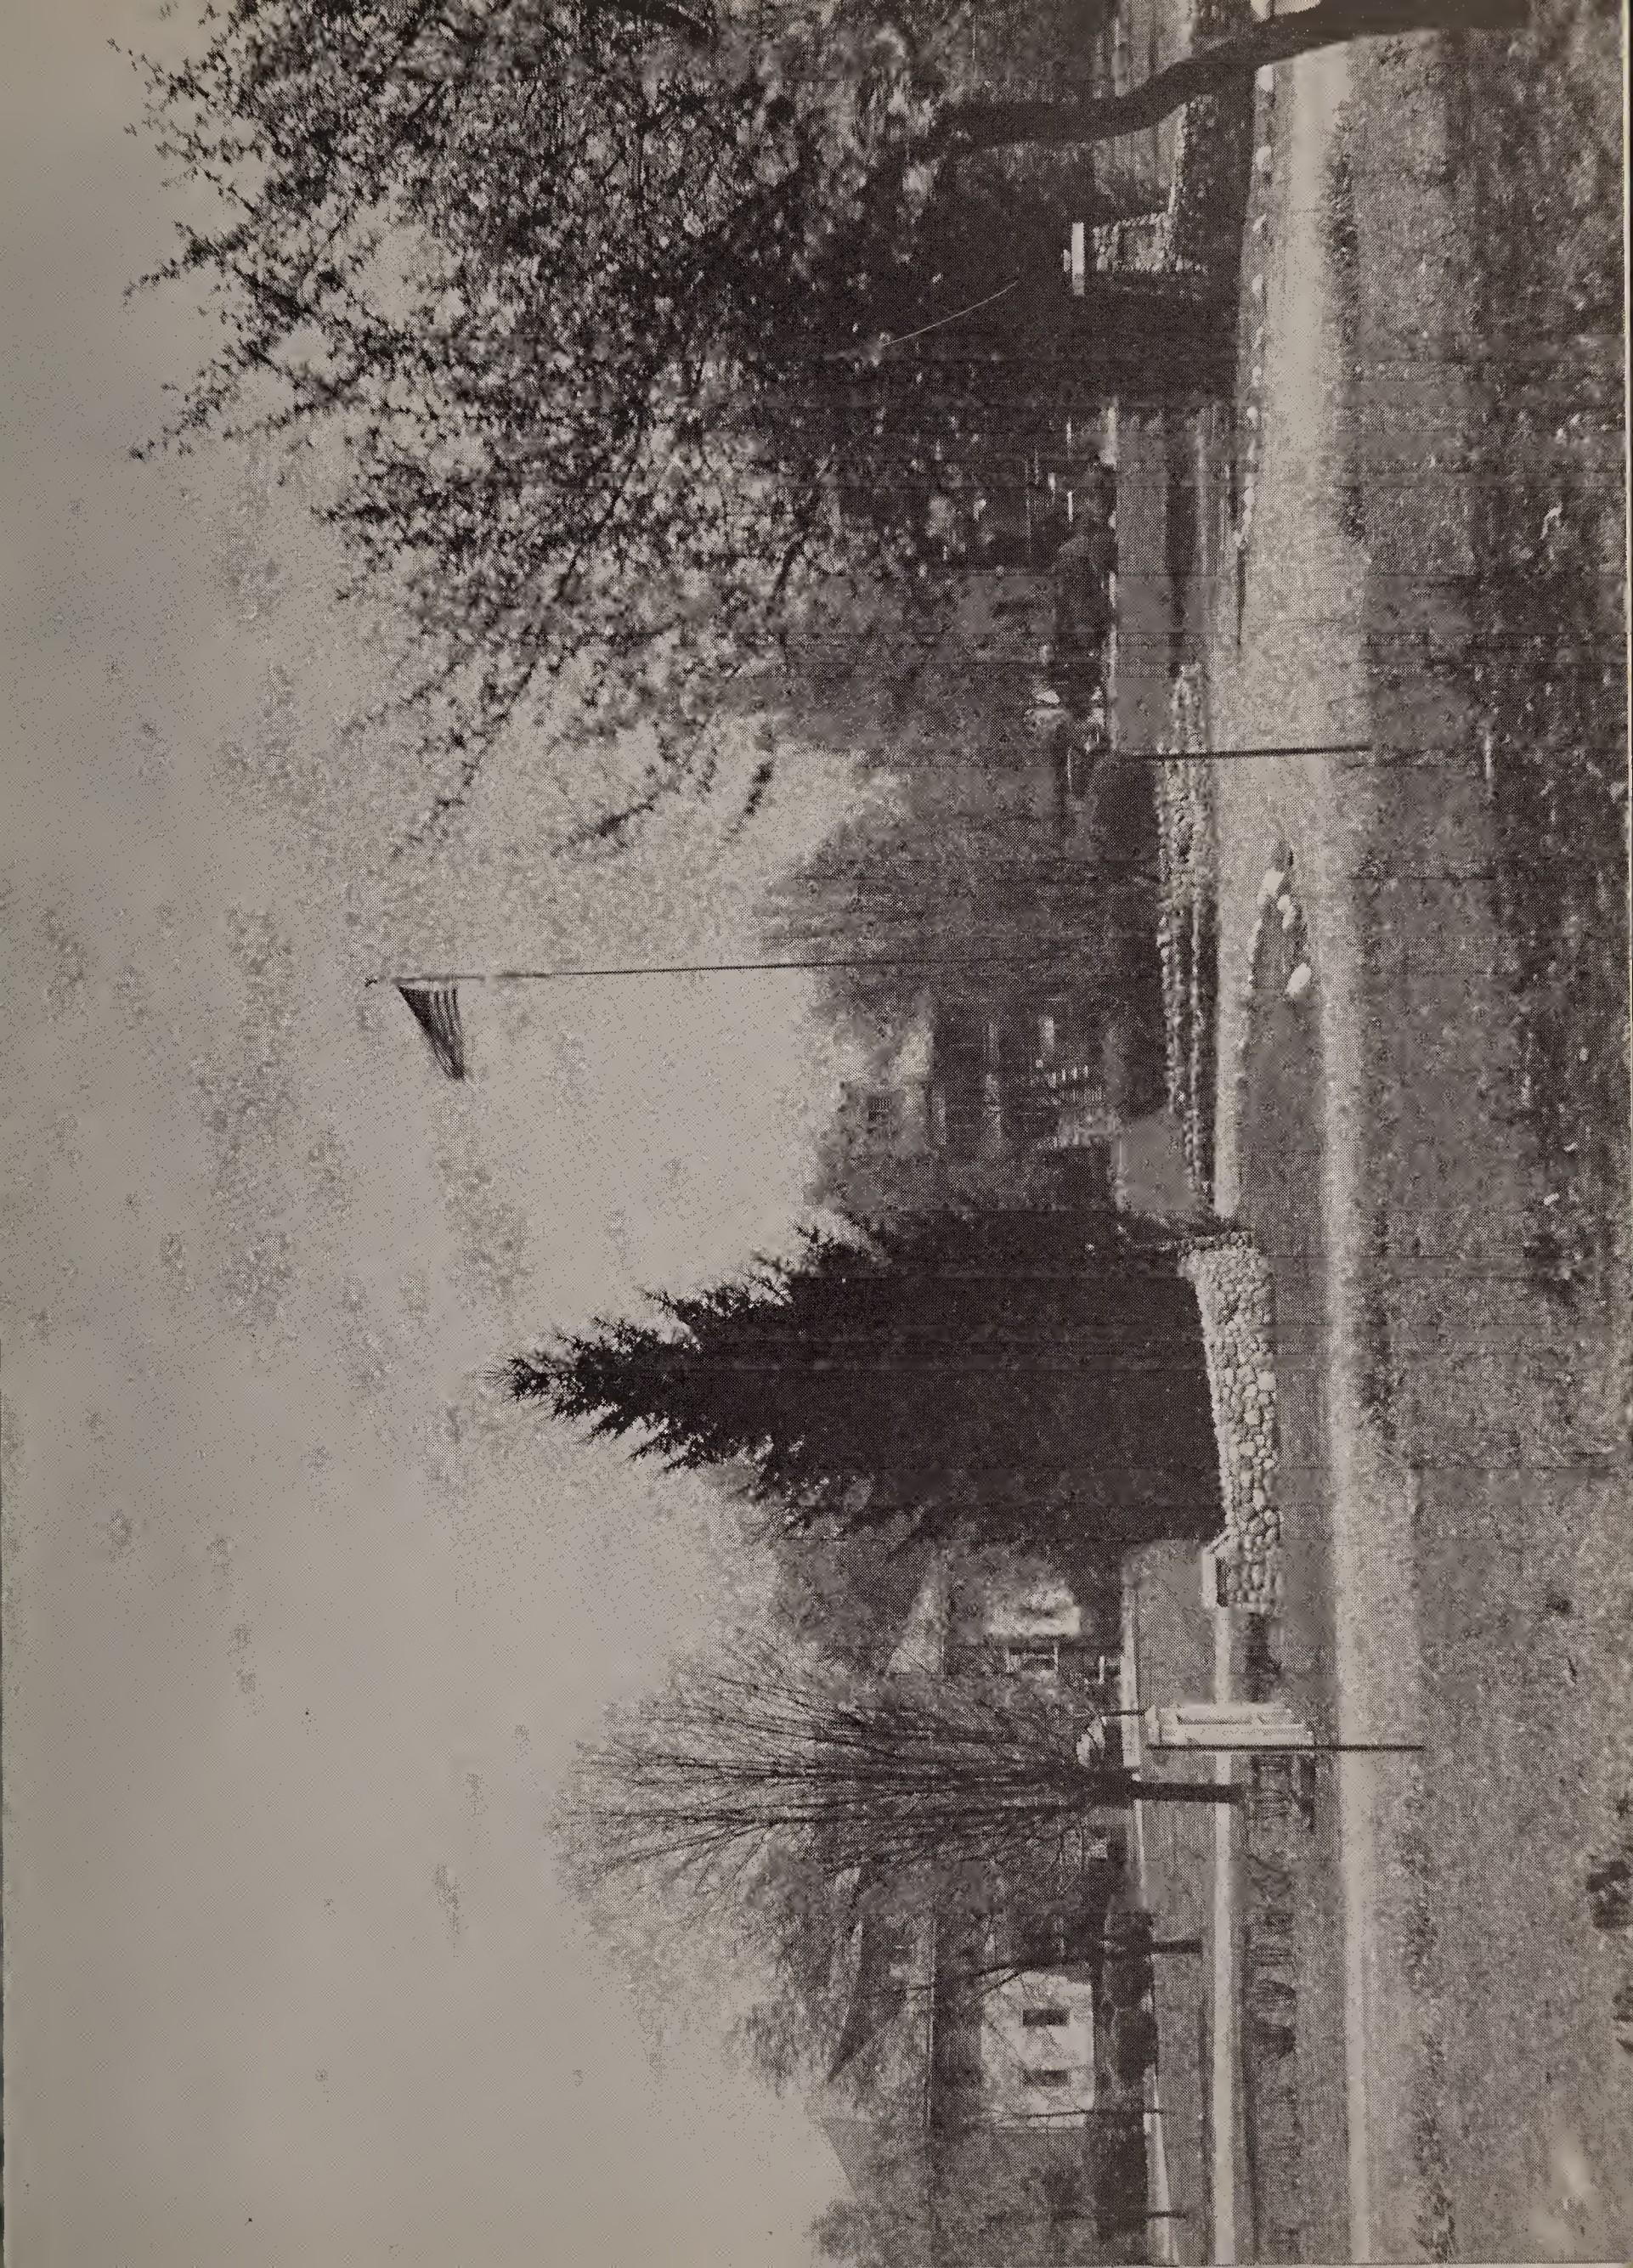

D is for the definite standards the school upholds.

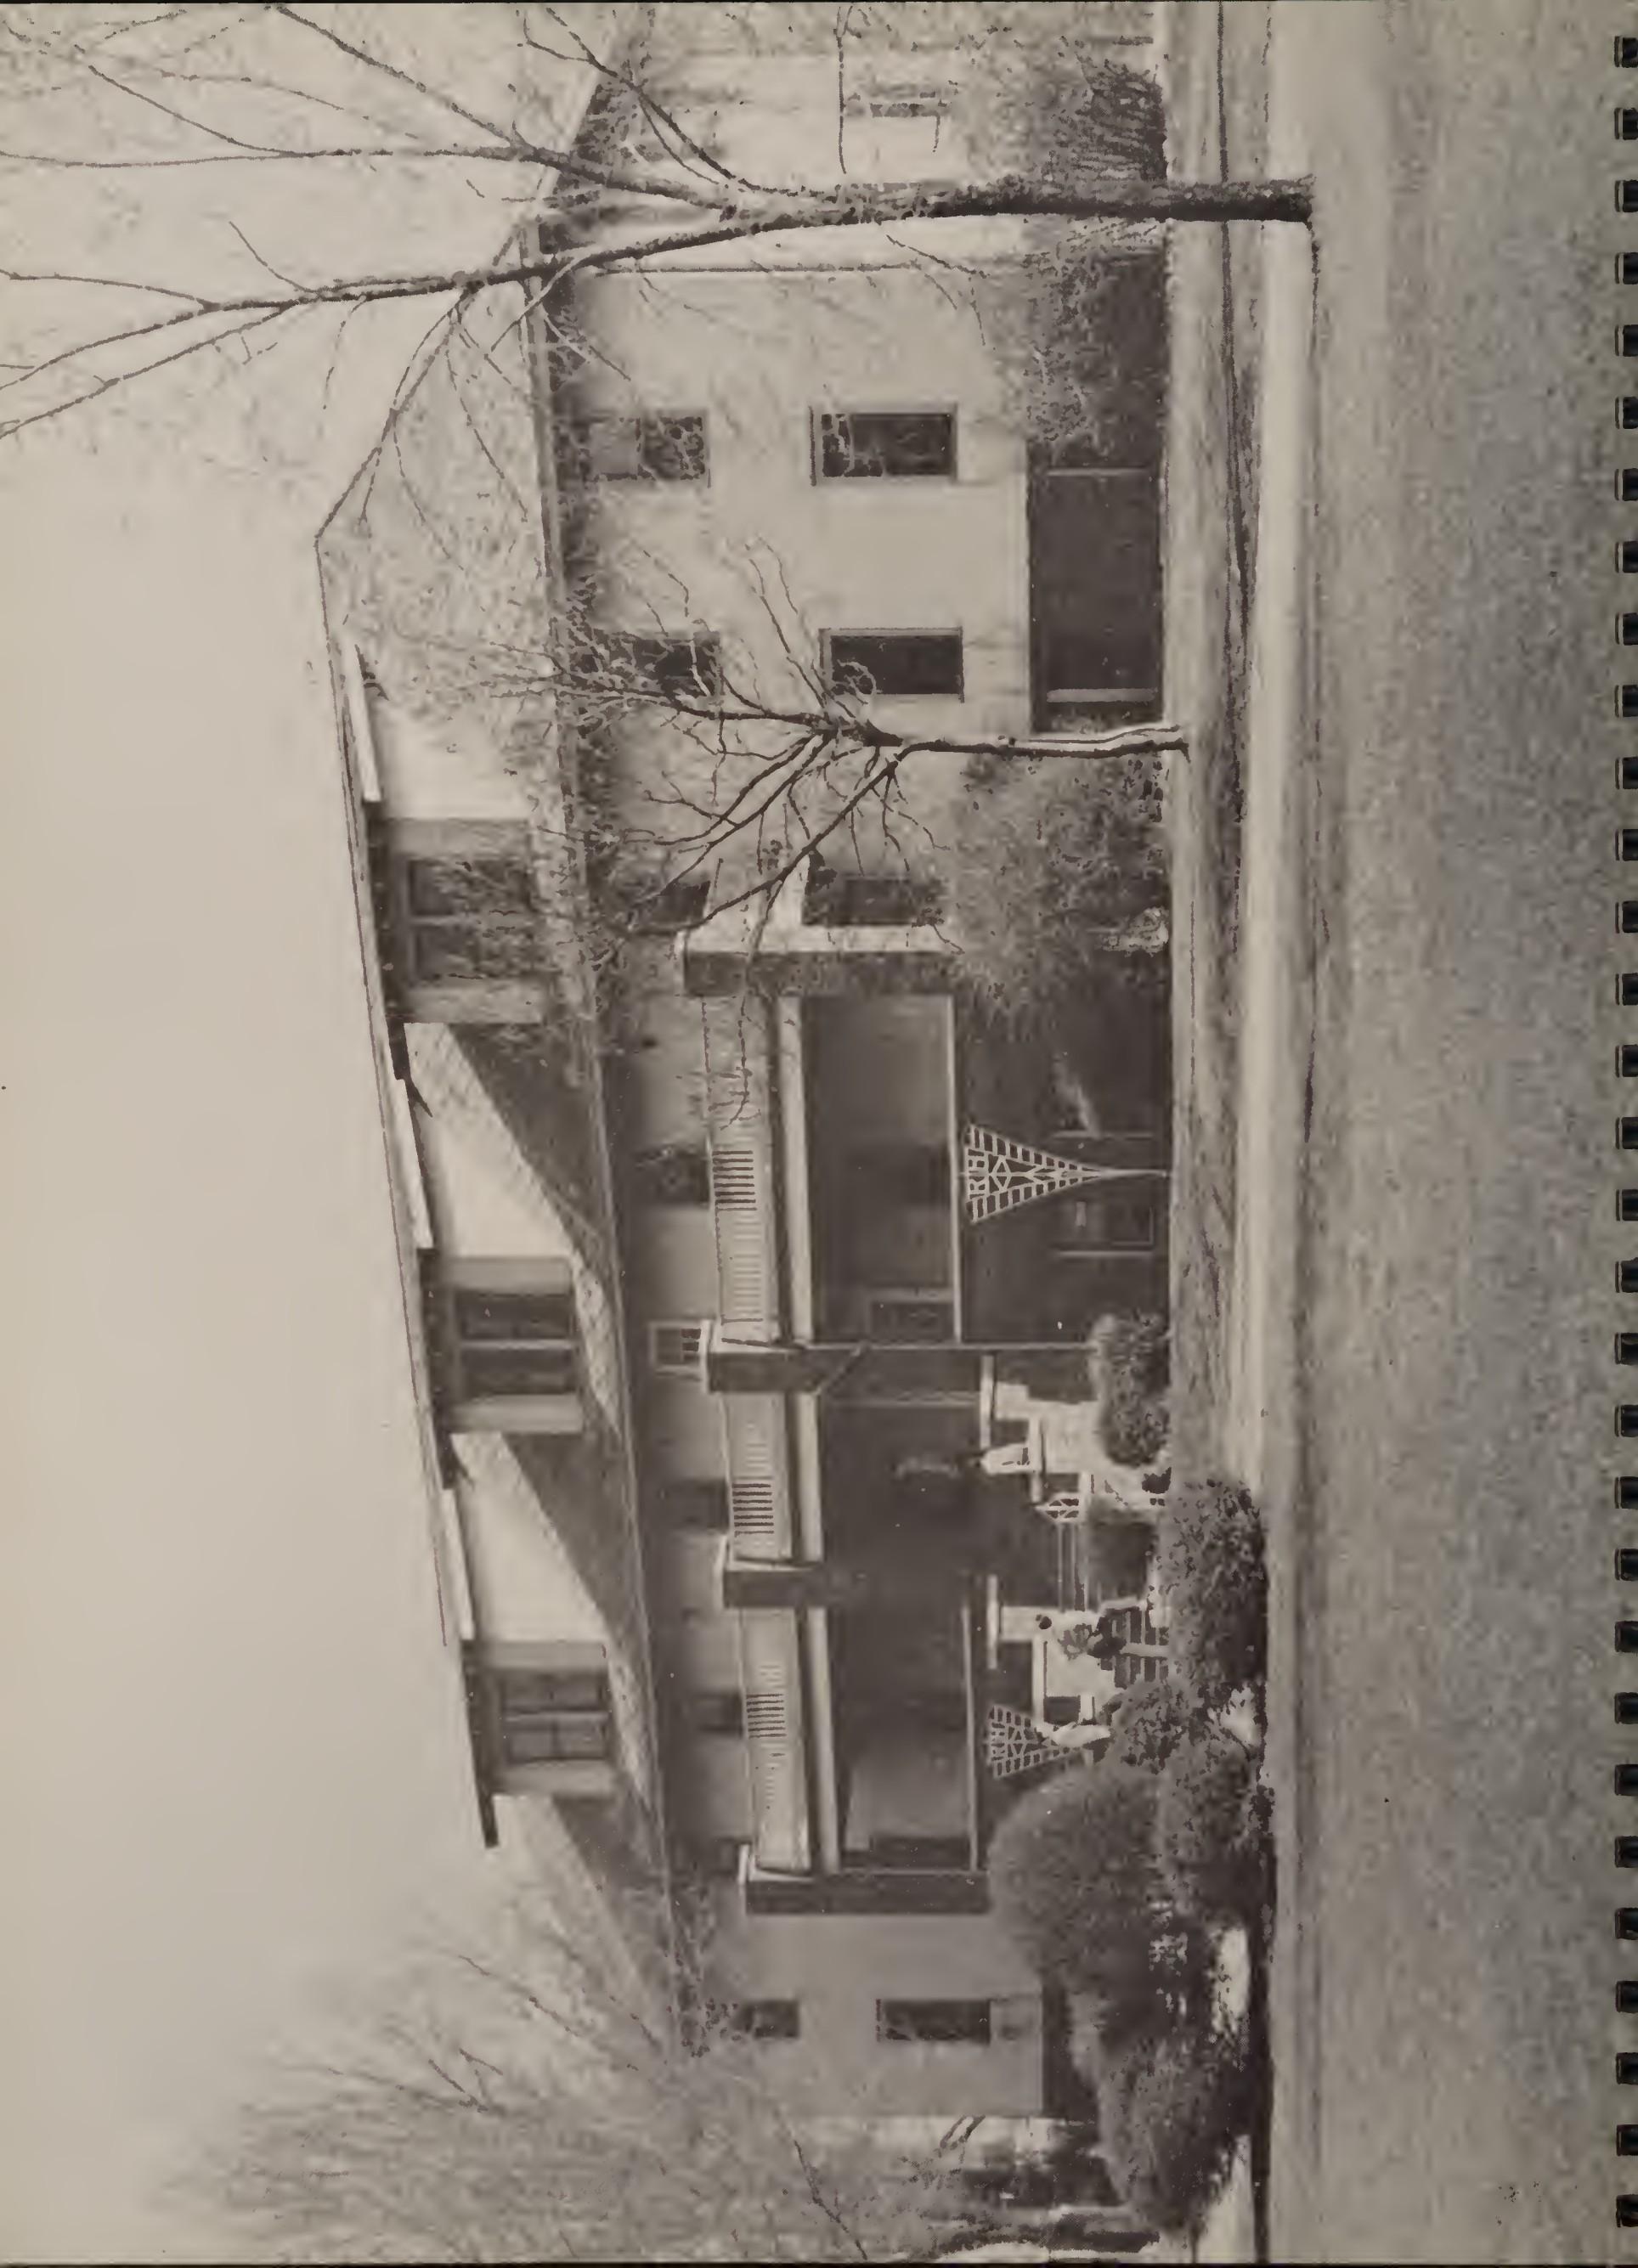

E is for the equality between the students and teachers.

M is for the many friends that shall last a life time.

Y is for the coming years when we shall look back upon our school days and be thankful that we attended I.A.

THE PRINCIPAL'S MESSAGE

We are living in days of real opportunities for young men and women in our Christian institutions of learning. We, who study Bible prophecy, are impressed as never before that we are living in the days when the third angel's message is to go with new emphasis. How precious to us is the promise, that when this message has been preached to all the world, then the end will come. The faculty and students of Indiana Academy are conscious of this unfinished task, and appreciate the part that Christian education contributes to its completion.

Our minds turn to that familiar quotation, "With such an army of workers as our youth, rightly trained, might furnish, how soon the message of a crucified, risen, and soon coming Saviour might be carried to the whole world! How soon might the end come—the end of suffering and sorrow and sin"!

We are confident that many of the students of Indiana Academy will be in this army of workers, whom the Lord will use to finish the work, in this generation.

Our ACTIVITIES

MIRIAM L. FOREMAN

For her whose willing, untiring sacrifices has meant so very much to each of us we are truly grateful to Miss Foreman, our "other mother." Little have we realized, at times, the extent of her interest in us. Let us pause for a minute and think of the dormitory in just the past year. We think of the encouragement she has been to each one. Or perhaps, we think of the times in her worship that she has challenged us to be better girls in the service of the Master. And Oh! The many times she has played the role of nurse. Yes, we the girls of Holly Hall say, "As the hours of time slowly roll by, she will not easily be forgotten." She truly claims the title of "other mother."

"Hail Tinegas, club we love,
To you, we will be true.
We'll honor and allegiance show,
Tinegas, here's to you."

When girl's club is announced, the Tinegas are there ready to have a good time. The purpose of the club is to become better acquainted with each other; also it provides an outlet for our excess energy.

The Tinegas certainly enjoyed giving the reception for the boys this year as well as the many good times we have had by ourselves.

"Tinegas" means "life of service" and we're certain that each girl will make that her aim.

O. E. TORKELSON

To the Spartans, life in a dormitory is quite different from our life at home. In September some of the boys had trouble in making their beds smooth, shining their shoes, and even pressing their trousers. Soon, however, they became accustomed to it and each one was quite efficient before the school year progressed much further.

To help us learn these practical little things and for leadership in spiritual life, we look to our dean, Mr. Torkelson.

Mr. Torkelson has helped us boys keep the dormitory clean, in appearance and also clean in our sportsmanship and association. He has entered into our activities and his spirit of co-operation is appreciated. He has taken care of our cuts, scratches, poison ivy, and has helped to make our dormitory life seem more like home.

We are boys that have ambitions,
We are boys that have an aim;
You will know us when you see our colors,
You will know us when you hear our name.

The boy's club of Indiana Academy, the Spartans, is organized to help us develop character and leadership, and to bring the boys of Roepke Hall together as one group.

The club has enjoyed many good times this year. Chief among them was the trip to the Y.M.C.A. in Indianapolis to swim. We have had basketball and baseball games, pancake fries, pictures and various other forms of entertainment. We also enjoyed the reception given by the Tinegas this year.

May we always live up to the name, "Spartans."

SABBATH SCHOOL OFFICERS

The Sabbath School of Indiana Academy is very fortunate in having a number of talented youth in attendance regularly. Everyone enjoys meeting each week to sing praises to God and study His Word.

With the able direction of our superintendents, many interesting programs have been provided for us from week to week. We have gained spiritual inspiration and much guidance from these hours of sacred devotion.

MISSIONARY VOLUNTEER OFFICERS

Missionary Volunteer Society has been one of the highlights of the Sabbath services every week end of this year. It has promoted good feeling, and has made God a closer friend to each student. This society helps us along the road to service and to push the banner of Christ ever forward. It has progressed under the leadership of Mrs. Vern Hoffman and Mr. Carl Hansen.

FINE ARTS

ACADEMY CHORUS

GIRLS' GLEE CLUB

MUSIC STUDENTS

BAND

Indiana Academy would not be complete without the music department. This department is a great asset to the students. For the past two years the music has been under the supervision and direction of Miss Violette Jackson.

All the music students were given a chance to perform and show their ability in the two recitals which were held in their honor. Many of the piano students are given opportunities to appear in front of others by playing for chapel exercises, worship and vesper services, and Sabbath services.

We are deeply appreciative for the effort put forth by Miss Jackson in helping to develop our musical abilities and in training us in song the way God would have us be led.

Numerous vocal and instrumental solos, duets, trios, and quartets, with the orchestra, chorus, and glee club have added much to our meetings. It was under her able guidance that we were brought these special numbers.

As she leaves to continue studying the masters we wish to express our appreciation for all the musical numbers and programs we have had—we have enjoyed them.

Our INDUSTRIES

SERVING GIRLS

DINING ROOM

The girls enjoy the interesting work provided for them in the cafeteria, kitchen, and bakery. These departments, under the careful supervision of Mrs. Wohlers, have made it possible for a great number of girls to earn a large amount of their expenses while here in school. Besides this there are essential lessons learned by each girl; lessons in promptness, cheerfulness, and how to bear responsibility. Also is a good place to help others. There is a practical training in every job that will be of value in later years.

MRS. KATHRYN WOHLERS
Matron

Pleasant, kind, helpful, and understanding—all these adjectives help describe our matron, Mrs. Wohlers. We also think of good food in connection with her.

By working with her in the kitchen, we have learned many things. She has been patient with us when things have gone wrong. She has always been understanding when we wanted to tell her something confidential. All of these virtues have helped us to like her better every day.

The Wohlers family will be missed by all next year, especially Bobbee, who by always being happy, has done much to make I.A. seem more like home.

THE ACADEMY SHOP

The Academy Shop is growing and expanding all the time. An addition has been added already and another addition is in the planning for this ever-growing department of I. A. Mr. Walter Kopitzke and his two assistants, Mr. Lothair Anderson and Mr. Raymond Wells, have supervised the work.

The shop provides work for boys and girls in its upholstery and assembly departments and in the mill room.

Many practical things are learned in the shop work. You are taught the use of the square and level not only for your work in the shop but how to set it as an example in your own life.

Here you labor with an aim in life along with the great teachers "patience" and "the art of saving time."

THE ACADEMY FARM

The I.A farm is a very fine place to obtain manual training, as well as spiritual and scholastic education. While Mr. Willison, the Farm Superintendent, was working on his degree at a university Mr. Houck, the Dairymen, took charge. Much has been accomplished under their careful directions.

When you work on the farm you have a great variety of work so that anyone who works there is very well satisfied. Anyone working on the farm can work off his entire school expenses. There are many different kinds of work such as chores, tractor driving, chicken tenders, teamsters, and dairy workers.

To make the work more interesting and more modern we have a new '46 Dodge half-ton pickup truck and a new team of Belgian horses. We also have another new tractor on order.

Many improvements have been made in the dairy barn due to the ever-increasing herd of cattle. More stalls and stanchions have been added to make room for all our cattle and a new silo built for silage. The milk from this fine herd is used in our kitchen and also on the milk route that is run in Cicero and Arcadia.

FINANCIAL ARRANGEMENTS

EXPENSES The Indiana Academy Board has adopted the cash policy for the operation of the school. Young people come to the school for the purpose of gaining a good education, and it would be poor training not to follow the "pay as you go" slogan.

Charges per school month:

Tuition, for four units	\$14.00
Dormitory Service	\$13.00
Board, Boys.....	Minimum \$17.00
Board, Girls.....	Minimum \$16.00
Laundry Service	Minimum \$ 2.00

INCIDENTALS Incidental expenses such as books, pencils, notebook paper, tablets and personal use of the electricity are not included in the regular charges. However, the books and such items as are commonly used by the students are provided in our book store at a very nominal price. Such items are priced and sold on a cash basis and can be charged only when arranged for by the parents. Discounts will not apply to book charges or to special fees such as laboratory or graduation or any other fee.

MUSIC CHARGES PER MONTH:

One lesson each week	\$3.00
Two lessons each week	\$5.00
Single or irregular lessons, each	\$1.00
Piano rent one hour daily practice75
Piano rent two hours daily practice	\$1.50
Chorus, one rehearsal each week25
Orchestra, two rehearsals each week50
Orchestra Instrumental rental50
Orchestra Uniform rental, per year50

LABORATORY FEES FOR EACH SEMESTER:

Agriculture	\$1.00
Typewriting (one period daily)	\$4.50
Physics	\$2.50
Chemistry	\$5.00
Biology	\$1.50
Domestic Science	\$1.50

SPECIAL FEES:

Special period examination	\$.50
Special Semester examination	\$1.00

STUDENT EMPLOYMENT The administration believes in the positive messages given to our schools by the Spirit of Prophecy relative to the importance of work experiences for the young people. For the students welfare and as an aid to the program in harmony with arrangements made at the time of matriculation or before. Remuneration will be allowed on the hour or piece-work basis for this labor, and credit will be applied to the account. The amount earned depends, of course, on the willingness, punctuality, and skill of the student. The thrifty student will usually work, and get better lessons, than the one who is unwilling or does not see the opportunities that are offered. Those given employment in the shop or in other places where specific skills are required may find that at first their earnings are rather low until they have developed enough speed and proficiency. It should be clear that only work which is of value to the school can be paid for. The rate paid will be determined partly by the quietness while at work, and willingness to follow instructions. Students provided with work must take the work offered when it is offered. Discretion will be used and the pupil adjusted to the type of work he can do. No allowance for labor credit can be made when the report is not made promptly, with proper date and O.K.

ADVANCE PAYMENT At the opening of school each dormitory student will make an advance payment of \$40.00 and each resident student an advance payment of \$20. Five dollars of this initial deposit covers the entrance fee, \$2.00 the depreciation fee, and the balance is held as a deposit.

NOTICE: Due to the National and International financial situation the board reserves the right to change the rates any time it deems it necessary.

REBATES AND DISCOUNTS: It is necessary for all to pay their bills promptly at the end of each school month. Ten days from the date of the statement will be allowed for the settlement of the month's expenses. If the account is not paid within this allotted time it will be necessary for the student to drop his class work until the account is settled. Seldom will the student be allowed to remain in school longer than the time which would be covered by the advance payment already made. No rebate will be granted for absence unless it covers one full week, and board will be the only item upon which rebate will be given. Students who enter school late but make up back work and receive full credit will be charged full tuition from the beginning of the year.

To those who pay promptly with the ten days' time limit a two per cent discount will be given on the cash balance due on the statement. No discount is given on the labor credit.

An additional discount of two per cent will be allowed where the expenses of the entire year are paid in advance or where there are more than one from the same family.

GENERAL: The Academy will not or cannot be responsible for any debts contracted by teachers or students except by written order from the business manager.

Cash withdrawals on the students account cannot be made unless deposits have been made with the school especially for this purpose.

No final credits or diplomas are given out to those students whose accounts are not settled in full.

Seniors will not be allowed to graduate with an unpaid balance unless proper permission has been obtained from the board.

Exceptions to all announced stipulations are made only by special consideration of the board.

SCHOOL MONTH: A school month consists of twenty-eight days and the following is a list of dates when each month closes:

First Month	September 28	Sixth Month	February 15
Second Month	October 26	Seventh Month	March 15
Third Month	November 23	Eighth Month	April 12
Fourth Month	December 21	Ninth Month	May 10
Fifth Month	January 18	Tenth Month (two weeks)	May 24

DRAWING NIGH TO GOD

By Minnie E. Dauphinee

FOR DAILY NEEDS—THESE MESSAGES OF COURAGE AND INSPIRATION

Here are 365 interesting and helpful interpretations of the Morning Watch texts for 1946. These daily meditations, each of which can be read in about three minutes, concern the most important of all subjects, drawing nigh to God. They offer encouragement and strength for each day's needs, expressed with a directness and simplicity of language understandable to all members of the family circle. The author writes out of the ripeness of experience and a richness of knowledge gained from long years of work with young people. Hers is the voice of a trusted counselor calling from the vain rush of the world to the realm of quiet meditation, self-examination, and prayer. Every day of the coming year will be enriched for the reader of these spiritual essays. A "must" book for all who follow the Morning Watch—and a beautiful gift that will be a daily reminder of the one who gave it.

Choplets are from the family of popular Worthington Foods

Follow a smooth, well-charted course to happy, healthful meals with WORTHINGTON FOODS. For example, savory, meat-like Choplets make the heartiest, most appetizing entree of tender, golden-brown "cutlets" you've ever enjoyed! These luscious, all-vegetable fillets are rich in blended wheat protein, and packed in nutritious broth (perfect for gravy!) of brewer's yeast and pure vegetable extracts. They're ready to use just as they come from the can—to bread, bake, broil, or fry—for a lunch-time snack, sandwiches, or a full-course dinner. And there are many other "compliments to good taste" in the Worthington family of foods shown below. Put Worthington Foods to your own taste-test and discover their sparkling flavor, healthful vitamins, and nourishing proteins. Remember to look for the Worthington label.
